

WHO AM I?

PREP

Mom and dad are to pick an equal amount of characters from the Bible. Some very well known and some not so popular characters. Make sure to choose characters that reflect both good qualities and bad.

Once the characters are chosen, sit around the living room with your kids and give clues for them to guess who the characters are.

TALK

Which of these characters mentioned do you think you are most like? Which one of these characters do you think you can learn from? What can we learn from this character? Where in the Bible can we find this character?

There are many characters in the Bible that we can learn from. Some teach us how to live in right standing with God and others help us recognise traits that do not belong in a Godly character.

Use this activity as a form of Bible study for your children to help them understand the different characters in the Bible. This will help them understand Godly characteristics and non Godly traits. This will also allow you to engage with your children about characters they may not understand.
