

PRAYER JAR

PREP

For this activity you will need:

- Scrap paper
- Colour pens or markers
- An old coffee jar or coffee tin (emptied)

WHAT TO DO?

Prayer is a tool we all need to use. It allows us to draw closer and closer to God every single day. God wants to hear from us and know what we are thinking and feeling.

Mark 11:24 says that whatever we ask for in prayer, we need to believe we have it and it will be ours.

Sit by the table with your family and with the different colour pens you have, decide on the different topics to pray for and give each topic a colour. For example: FAMILY (Blue) SCHOOL (Orange) etc.

Encourage your family to write down the prayer requests on the scrap paper for every topic they may have a request for. Then ask them to place their requests in the jar.

You can either set a time, morning or night or randomly encourage your family members to choose a request in the week and you all pray together for that request. Together with your family share the relevant testimonies of how God has answered those requests.
