

THE 10 COMMANDMENTS FINGER PUPPETS

PREP

WHAT TO DO

For this activity you will need:

- Scissors
- x 2 Papers A4
- Black Pen/Pencil
- Colour pencils
- Glue

- On your first sheet of paper draw 10 small tablets with your black pen/pencil. Once those are complete, fill them in with all the 10 commandments.
- Allow your children to colour the tablets in with their colour pencils.
- As your children are colouring in the tablets, replicate the tablets on your second sheet of paper. Draw each tablet the same way and size as those on the first sheet.
- Once they are done colouring, and you are done drawing the second set of tablets, cut out each tablet around the outline on each sheet.
- With your glue, go around the edges of the first sheet (on the side that doesn't have writing on) and paste each tablet on the second set you drew.
- Make sure that you leave the bottom part of the tablets open for easy slip on to the children's fingers.
- Ask the kids to say each commandment as they play.
